As the 2012-2013 academic year begins, the staff at the International Center would like to welcome you! Tufts is an institution that offers a warm and welcoming environment for all and we hope that this will be your experience.

The International Center, also known as the I-Center, can provide you with immigration information regarding your legal status while at Tufts. You should never feel uncomfortable approaching the I-Center staff for immigration advice; this is our role. We are here to help you understand your legal obligations in the US, but it is also YOUR responsibility to keep us informed!

You may seek advice from friends and relatives who have been in the US for a while and, although you will get good advice from them, we remind you that the International Center has the most up-to-date information regarding immigration.

In addition to the immigration services offered by the International Center, we are available for advising in the area of cultural adjustment and settling into life in the US. We are comfortable answering questions on all topics.

This academic year is a big anniversary year for the International Center. In 2012 we are celebrating the International Center’s 60th anniversary along with the 40th anniversary of the International House, the 25th year of International Orientation, and the 20th year of Oliver Chapman Leadership Award! There will be many celebrations marking these milestones and we hope that you will be a part of the festivities!

We hope that your first year at Tufts is a wonderful one, and that the International Center will be a valuable resource in making your year a success. On behalf of the staff, we look forward to meeting you!

Sincerely, Jane Etish-Andrews

The Intercultural Conversation Program

For first-year graduate students who are interested in improving their English and learning more about American culture, the International Center offers an opportunity to meet one hour per week with a “conversation partner” who is a Tufts student or staff member. This is a great way to meet English-speaking people outside of your academic studies, as well as a great chance to develop a friendship!

Comments from past participants provide a better understanding of what the program is really all about:

“It's really a great experience that we can have a chance to share our culture and help each other understand different backgrounds. It's not only an English conversation program, but a way to learn about the world.”
- **International student from China**

“I've learned that friendship and common interests can transcend any language, cultural or age barriers.”
- **English Partner**

If you are interested in this program, please contact the student coordinator, Alessandra Valconi (F’13), by e-mail at internationalcenter@tufts.edu.

Financial Resources for International Students

**The Laila Moshiri Yazdi Memorial Fund**

This fund was established in memory of a Tufts international student, Laila Moshiri Yazdi. Laila was from Iran and was a senior, majoring in History at the time she passed away in 1982. She was well-known and well-liked on campus. Her father donated her spring tuition to establish a loan fund for international students in need of short-term help. Since its inception, the fund has been used often and is truly appreciated by students in need. Small, short-term emergency loans ($500 or less) are available to all Medford undergraduate and graduate international students (except Fletcher students) through this fund. Applications are available at the International Center.

**Finding a Job on the Tufts University Campus**

Immigration Update

In order to maintain your F-1 or J-1 non-immigrant status, you must be aware of the following:

Maintaining Full-Time Status (For Students)
If you are a student, you must be registered in the fall and spring semesters as a full-time student (3 credits or more for undergraduate and graduate students). A full-time Graduate RA or TA may count as one credit, provided you register for it properly at the beginning of each semester. You cannot drop below full-time during the academic year (September–May). If you have a compelling reason (i.e. due to illness, academic or language deficiency) to drop below full-time status, you must first have the clearance and approval from the International Center. Only in exceptional situations will an approval be granted.

Any students (either undergrad or grad) who were not able to attend International Orientation are required to attend a mandatory immigration session. There are two sessions scheduled: Wednesday, September 5th, 2012, 12:00-1:00 p.m. and Monday, September 10th, 2012, 1:00-2:00 p.m. Both sessions will be held at Dowling Hall, Room 745A. Please register for one of these sessions at our website http://ase.tufts.edu/icenter/eventsOPTsession.aspx.

You will receive emails throughout the academic year regarding immigration guidelines. Please be sure to read these emails for information on registration requirements, academic resources, employment, leave of absence, travel, etc.

Travel Outside the US Requires Approval Signature from the I-Center

If you are interested in traveling to a country outside of the United States (including Canada & Mexico), you must first obtain a signature from the International Center on your visa document (Form I-20 or Form DS-2019). The signature is a requirement for re-entry into the United States. It confirms that you have maintained a full-time academic status. Please bring your visa document to our office at least one week before traveling. In most cases, we will be able to confirm your registration and sign your document while you wait. If you travel without a recent signature from our office, you will risk running into difficulties at the port of entry (or in extreme cases, being denied entry).
