HOOVER APPEALS TO TUFTS
TO HELP FOREIGN STUDENTS

Monday of Next Week Set Aside
for Collecting Money

Last year at the annual commencement
of the College one of America’s greatest
citizens was given a Tufts Honorary Degree. And now this same man, Herbert
Hoover, has asked the undergraduates of
the College on the Hill of which he is an
alumnus to subscribe to a real cause in
the great relief work which he is carry-
ing on.

The poverty of the students of Eu-
rope is without parallel. Their want in
every line is extreme, and yet the future
of Europe depends on the training of
these men. American students, and par-
ticularly Tufts students, have been asked
to do their part in helping to relieve the
frightful situation of their brothers in
Europe.

The Tower Cross Society, The Ivy So-
ciety and the Sword and Shield Society
have all agreed to assist in carrying on
a drive to collect some money to make
Tufts stand where it should in this in-
tercollegiate charity.

Wesleyan, Columbia, Illinois and any
number of other colleges have gathered
sums from the undergraduates which ap-
proximate $3.00 per man. It is hoped
that Tufts will do as well as this.

Next Monday, January 17, is the
day on which payments will be made,
and it is hoped that every man will sub-
scribe to the fund. The crying need of
the cause, the reputation of Tufts with
the other colleges and, last of all, our
sense of trust to our new Alumnus, Mr.
Hoover, make it absolutely essential that
this fund go over the top in fine style.
